JPS Health Network Outpatient Pharmacy

\$5 Prescription Program

JPS offers a \$5 prescription program. A prescription drug card is not required. The prescriptions may be filled at any JPS pharmacy. If you use a non-JPS provider, you must fill your prescription at the JPS Main Campus pharmacy. The \$5 prescription program covers the drugs listed below at approved dosages, up to a 90-day supply. For day supplies over 30 days, the applicable \$10 copayment will apply. See your JPS Health Network pharmacist for details.

Please refer to the Pharmacy link under Employee Benefits on the HR intranet page for additional information.
