

Maintenance Medications Drug List

Use home delivery to stay covered

Your plan requires you to fill the maintenance medications in this drug list through home delivery with Express Scripts® Pharmacy to be covered.¹

About this drug list

This is a list of the maintenance medications that have to be filled through with Express Scripts® Pharmacy as of January 1, 2025. “Maintenance medications” are the medications you take on a regular basis to treat an ongoing health condition.

Here’s some helpful information about this drug list:

- Medications are listed alphabetically by condition.
- Generic medications are listed in all lowercase letters and brand-name medications are listed in all capital letters.
- **This drug list is updated often, so it isn’t a full list of the medications your plan covers.** Also, your specific plan may not cover all of these medications. Log in to the **myCigna® App**² or **myCigna.com**®, or check your plan materials, to see all of the maintenance medications that have to be filled through home delivery.

Home delivery helps make fills easier

Home delivery with Express Scripts® Pharmacy is simple and safe, and saves you trips to the pharmacy. Go to **Cigna.com/homedelivery** to learn more.

- Easily order, manage, track and pay for your medications on your phone or online
- Standard shipping at no extra cost³
- Fill up to a 90-day supply⁴ at one time
- Automatic refills or refill reminders⁵
- Helpful pharmacists available 24/7
- Flexible payment options

Here are two easy ways to get started:

1. **Call your doctor’s office.** Ask them to send a 90-day prescription (with refills) electronically to Express Scripts home delivery. Or,
2. **Call Express Scripts® Pharmacy at 800.835.3784.** They’ll contact your doctor’s office for you. Have your ID card, doctor’s contact information and medication name(s) ready when you call.

2. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
3. Standard shipping costs are included as part of your prescription plan.
4. You may be taking a medication that isn't actually available in a 90-day supply. Certain medications may only be packaged in lesser amounts. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
5. Express Scripts[®] Pharmacy can automatically refill certain medications. Log in to the myCigna App or website, or call 800.835.3784, to sign up. You can also sign up to get emails and/or texts from Express Scripts[®] Pharmacy. To get text messages, you'll have to sign up for Express Scripts' texting service. You can do this online or when you call 800.835.3784 to refill your prescription. Once you sign up, simply reply to their welcome text to get started. Standard text messaging rates apply.

Cigna Healthcare reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna Healthcare does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna Healthcare may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna Healthcare. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna Healthcare representative.

All Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.
