

# UPLOADING DEPENDENT DOCUMENTATION

## Dependent Documents

Dependent verification documentation will be required on all newly added dependents. Health elections containing newly added dependents will pend until documentation is received, reviewed, and approved by an administrator. Coverage records are NOT sent to the carriers if the record is pending verification.

## Uploading a Document

### Step 1

- Navigate to the Spouse & Dependents screen.

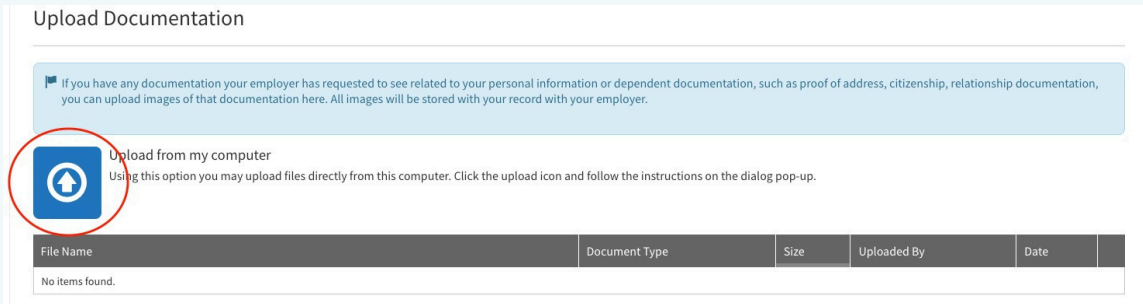

### Step 2

- Click on the dependent for which you need to add documentation.

<a href="#">Child Test</a>	***.4132	1/1/2005	M	Child	0	

### Step 3

- Scroll down to the Upload Documentation section and click the up arrow icon.

Upload Documentation

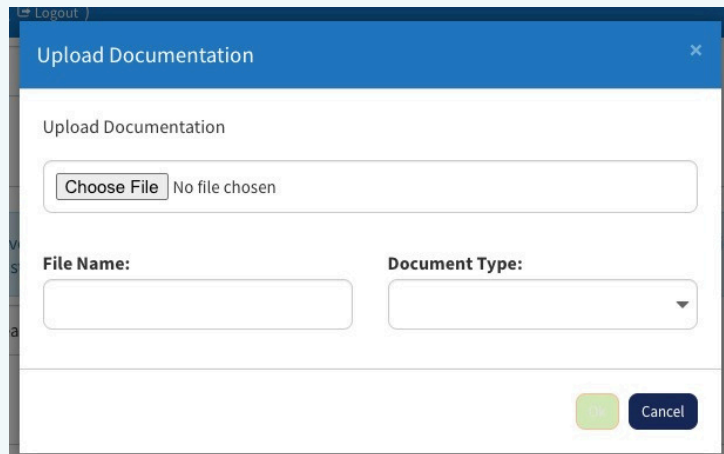

If you have any documentation your employer has requested to see related to your personal information or dependent documentation, such as proof of address, citizenship, relationship documentation, you can upload images of that documentation here. All images will be stored with your record with your employer.
