

JPS Health Network Outpatient Pharmacy

\$5 Prescription Program - EMP

JPS offers a \$5 prescription program. A prescription drug card is not required. The prescriptions may be filled at any JPS pharmacy. If you use a non-JPS provider, you must fill your prescription at the JPS Main Campus pharmacy, MHSW, or mail-order. The \$5 prescription program covers up to a 30-day supply of the drugs listed below at approved dosages. This program does not cover 90-day supplies. See your JPS Health Network pharmacist for details.

Please refer to the Pharmacy link under Employee Benefits on the HR intranet page for additional information.
